Group 6 Assignment 1

We used **R Markdown** to author our first assignment which is to print all integers from *1 to 10*. We can list the integers as follows:

1 2 3 4 5 6 7 8 9 10

We can also use R to run code and return the result.

```r
for (var in 1:10){print(var)}
```

```
## [1] 1
## [1] 2
## [1] 3
## [1] 4
## [1] 5
## [1] 6
## [1] 7
## [1] 8
## [1] 9
## [1] 10
```
